

MANAGE PESTS WITH IPM STRATEGIES

Webinar series explores techniques that can reduce pesticide use

Discover how integrated pest management, or IPM, can help you control pests while reducing your reliance on pesticides. The four-part webinar series IPM Essentials: Tools, Tactics, and Techniques offers practical, sustainable strategies for both home and commercial gardeners.

You may earn four Core pesticide applicator credits.

TOPICS

- + Basic principles of integrated pest management
- + How to scout and monitor pest populations
- + Recognizing signs and symptoms of common pests
- + Reliable identification resources
- + Applying IPM strategies in real-world settings

**IPM ESSENTIALS:
TOOLS, TACTICS,
AND TECHNIQUES**

Noon to 1:15 p.m.
Tuesdays
March 10, 17, 24, 31

Cost: \$20
Register by March 9
